

This district will provide instruction in comprehensive health education to all students, grades kindergarten through twelve (K-12), consisting of planned, sequential learning experiences that assist students in acquiring knowledge, understanding, attitudes and practices regarding personal, family and community health issues. Among other health topics, students will receive instruction regarding substance use and abuse and the prevention and control of diseases and disorders, including HIV/AIDS and other sexually transmitted diseases.

Students in grades nine through twelve (9-12) are required to take at least one (1) credit of Health/Wellness. The curriculum will focus on positive health habits.
