

Budget planning and preparation will be the responsibility of the board working through the superintendent. The superintendent or designee will develop all appropriate statistical and financial information required by the board to develop final budget plans.

Following preliminary planning and no later than twenty-eight (28) days prior to the board’s annual meeting, the proposed budget must be prepared and a public hearing on the budget must be held. At the public hearing, or at a special meeting held no later than fourteen (14) days after the public hearing, the board will adopt a budget for the ensuing year.

Proper notice of the budget hearing will be posted as required by law, and a copy of the proposed budget will be available for public inspection at all reasonable times at the administrative offices of the district.

A summary statement of the budget will also be prepared and published for the ensuing year. The statement will be in a manner consistent with standard accounting principles and in such form as required by the State Superintendent of Public Instruction. The summary statement will show the following:

1. Amounts budgeted for all major classifications of income and expenditures, with total amounts budgeted with salary and wage expenditures in each such classification shown separately;
2. Amounts previously budgeted for the two (2) previous years for the same classification of proposed comparison.

The budgeted dollar amounts of revenue—as approved within the adopted budget—in those categories included in Idaho Code section 33-802, which deals with school levies, will be the same as presented to the respective county commissioners for tax levying purposes.

Once the budget is approved by the board, it will serve as a spending plan for the fiscal year. However, the board will have the authority to amend the budget as provided by law when circumstances warrant.
